INDIANA UTILITY
REGULATORY COMMISSION

BY THE COMMISSION:

Lorraine Hitz-Bradley, Administrative Law Judge

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") has caused the following entry to be made:

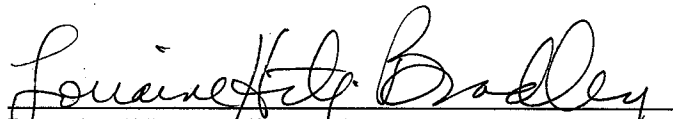

On April 22, 2004, Geetel Communications, Inc. ("Petitioner") filed its Petition with the Indiana Utility Regulatory Commission for authority to provide local resale and facilities based local exchange services including Caller ID Service, and access services throughout the State of Indiana.

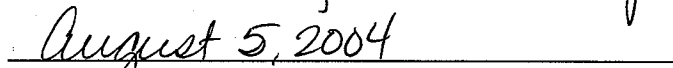

The Presiding Officer, having reviewed Petitioners' pleadings and being duly advised in the premises, hereby finds that Petitioner shall answer the following data requests on or before August 10, 2004.

1. Geetel states they will provide service in Clinton and Carroll counties. Will Geetel provide service in the areas in these counties currently served by Geetingsville?
2. Do the financials statements in Footnote 8 of Exhibit C contain the toll reseller and ISP operations, or are any other operations included?

3. Does Geetel intend to rely on financial support from Geetingsville to provide any service contained in this petition?
4. Will Geetingsville co-sign, guarantee loans or other notes of indebtedness, or help secure funding for Geetel which results in Geetingsville being a receivership of Geetel assets?
5. In paragraph III (1) on page 4 & 5 of Exhibit "TKF-1" of Ms. Terri K. Firestein Direct Testimony it states that "Employees of Geetingsville Telephone Company, Inc. will be required to maintain daily timesheets to record time spent in support of Applicant". Does this mean that Geetingsville employees will be contract employees of Geetel? If so, please provide the contract. Does the contract cover other resources of Geetingsville Telephone Company, Inc.?
6. How will Geetel keep its books separate from Geetingsville?

IT IS SO ORDERED.

Lorraine Hitz-Bradley, Administrative Law Judge
